## PROFESSIONAL PROFILE

**Innovation Manager, in accordance with UNI 11814:2021 and CEPAS Scheme SCH130.**

Technology Executive with over 25 years of experience leading complex architectures, enterprise data platforms, AI/ML solutions, and large-scale digital transformation initiatives. Specialized in designing scalable ecosystems (Big Data, Generative AI, Cloud, Data Lakehouse), technology governance, and the adoption of emerging technologies. Proven leader of multidisciplinary teams of 50+ professionals, with a strong focus on innovation, competence center development, and end-to-end delivery of mission-critical solutions for major enterprises, public sector organizations, and large-scale digital ecosystems.

## WORK EXPERIENCE

**CTO | CIO | Head of Data & Intelligence**

Humanativa Group S.p.A.

From 01/2018 to present (Rome, Italy)

- Competence Center Leadership Big Data, AI/ML & Innovation (30+ Resources, 5+ Years of Continuous Growth)
- Architecture and technical direction of enterprise platforms Big Data, Lakehouse, DataHub and Generative AI
- Technology governance on Spark, Cloudera, Talend Big Data, Data Catalog, AI/ML
- Development of innovative AI solutions (LLM, RAG, GNN, Predictive Analytics, Computer Vision)
- Delivery of strategic projects for enterprise customers: CDP, AdR, ENEL, MEF, Poste, Automotive, PA

**INNOVATION & RESEARCH MANAGER**

Cultorale S.C.A.R.L.

From 01/2024 to present (Rome, Italy)

- Technical direction for projects on Transition 4.0/5.0, evaluation of enabling technologies
- Technical expertise, R&D certifications and MIMIT platform management
- Strategic support to companies for technological modernization and digital processes

**FOUNDER & CTO**

Onesis Srl

From 01/2010 to 12/2017 (Rome, Italy)

- Development of enterprise software products and document/ECM platforms at scale
- Technical management of ETL platforms, data warehouses and bigdata
- Architectural design, technical leadership and coordination of R&D activities

## FORMATION

**MASTER PSM - (Managerial Development Program)**

Bocconi University

From 09/2025 in progress (Milan, Italy)

Intensive course aimed at developing transversal managerial skills in the strategic, organizational and leadership fields.

**Advanced MASTER in Data Science**

Data Master

From 01/2024 to 12/2024 (Rome, Italy)

Intensive course on AI, Deep Learning, RL, Transformers, Generative AI organizational and leadership.

**MASTER in Network and Systems Security**

La Sapienza University

From 01/2013 to 01/2014 (Rome, Italy)

Specialized preparation in all operational strategies for the defense, maintenance and recovery of networks and computer systems.

**Bachelor's degree in Computer Engineering**

La Sapienza University

From 01/1994 to 01/2003 (Rome, Italy)

Experimental thesis entitled "Business process management systems"

**FOUNDER & CTO**

Distint Solution Srl

From 01/2000 to 12/2010 (Rome, Italy)

- Development of document systems, BPM, data integration and large-scale enterprise solutions
- Complex projects management for ENI, Grandi Stazioni, Consip, Italferr, Terna, PA

## MOST SIGNIFICANT EXECUTIVE PROJECTS

**Generative AI & LLM**

- **Banca Mediolanum / DXC – AI Help Desk PoC (2025–2026)**
  Incident/Non-Incident classification, ticket categorization, and RAG-driven responses leveraging a document-based Knowledge Base.
- **CONSOB / DXC – Intelligent Crawler (2025–2026)**
  AI platform for complaint/submission analysis: OCR + LLM, web crawling/scraping, checks against CONSOB/IOSCO databases, and standardized reporting.
- **Poste Italiane / DXC – AI Assistant 2nd level (2024–2025)**
  LLM platform (OpenAI) for ticket interpretation, automatic enrichment and standardized KB.
- **MEF – OpenAssistant & OneHub PA (2024–2025)**
  Virtual Assistant + AI Event Triggers based on RAG, Azure OpenAI, Data Fabric and AI Search.

**Sound Detection & Audio AI**

- **ANAS – "Tunnel 4.0" Sound Detection (2025-2026)**
  Advanced Audio Processing system for detecting acoustic events in tunnels (braking, crashes, sirens, horns, screams), generating alerts via REST services, and on-site pilot testing.

**Video Analysis & Computer Vision**

- **Motorways – PTZ Observer (2023)**
  Real time video analytics, vehicle classification and traffic counting (precision/recall >95%)

**Data Lakehouse & Big Data Architecture**

- **INFRAGRI – Azure Fabric Data Lakehouse (2025-2026)**
  Design of a **Microsoft Fabric/OneLake** architecture using a Lakehouse (medallion) model, ingesting heterogeneous data sources (CRM/IoT/weather/cadastre), with an **API layer** (GraphQL/REST) and **GIS components (PostGIS)**.
- **OCTO Telematics – Data Lakehouse (2020–2023)**
  Architecture design Iceberg/Delta Lake, Spark, Ozone, Trino.
- **ACI Infomatica - Enhancement of Information Assets (2021, 2023)**
  Cloudera + Talend + Tableau architecture for enterprise data integration and governance.
- **CDP – Enterprise DataHub (2018–present)**
  Cloudera + Talend + Tableau architecture for enterprise data integration and governance.
- **ADR – BigData Store (2016-present)**
  Cloudera + Talend + Tableau architecture for enterprise data integration and governance.

## KEY EXECUTIVE SKILLS

**Technology Leadership & Strategy**

Definition of technology roadmaps, enterprise architectures and innovation strategies

Technical and organizational leadership of Data, AI, Engineering and Big Data teams

Management of governance, standards, methodologies, quality and technological processes

**Data, Cloud & AI Architecture**

Big Data Platform (Cloudera, Hadoop, Spark, Hive)

Data Lakehouse (Iceberg, Delta Lake, Trino, Ozone)

Advanced AI/ML: Neural Networks, GNN, Forecasting, LLM, RAG

Cloud: AWS, Azure, Google Cloud (Data & AI Services)

**Executive Delivery & Innovation**

Technical direction for enterprise solutions in banking, PA, telco, energy, transportation

Software product development (BPM/ECM, AI Assistant, Analytics, Security)

Coordination of complex digital transformation and modernization programs

## TECHNICAL SKILLS

**Architectures & Platforms**

Cloudera, Hadoop, Spark, Hive, Kafka, Iceberg, Delta Lake, Ozone, Trino, Kubernetes

**AI/ML**

Deep Learning, GNN, RNN/LSTM/CRANE, CNN, AutoEncoder, GAN, Transformers, Reinforcement Learning, LLM, RAG

## R&D PROJECTS

- **SICURI – Innovative Urban Control System to Reduce Illegality**
  ***RSI Call Lazio Region***
  Multimodal text-image-video platform based on advanced AI and behavioral analysis.

- **Advanced urban traffic analysis system**
  Spatio-temporal predictive models based on GNN and time-series for PA and smart mobility.

- **Intelligent SOC**
  Advanced SOC architecture with Apache Metron and ML models for cyber-threat detection.

- **Augmented reality to support psychotherapy**
  AR models with self-learning capabilities for pediatric therapies.

- **Intelligent system for passenger profiling and investigation**
  ML models for behavioral profiling and risk scoring in the airport environment

## PRODUCTS MADE

- **DataSprint Framework**
  ETL Spark no-code/metadata-driven framework for big data, data lakehouse, and cloud migrations.

- **Sound Detection Platform**
  Advanced transformer-based ASD/SED system for acoustic anomaly detection.

- **ZOON – Intelligent Business Process Management Platform**
  iBPM platform oriented towards entities, Big Data, AI and process mining.

- **ProNet – Process management**
  BPM platform oriented towards entities, Big Data.

To consult the **complete CV**

## TECHNICAL SKILLS

**Cloud**

AWS (S3, Glue, Athena, Redshift, SageMaker), Azure (Databricks, ML, AI Search), GCP (DataFlow, Dataproc)

**Data Governance & Integration**

Talend Big Data, Informatica BDM, Denodo, Data Catalog, MDM, DataOps

## CERTIFICATIONS

**Innovation Manager con riferimento UNI 11814:2021 e SCH130 CEPAS.** (2026)

**Azure Machine Learning Data Scientist** (2025) Certification

**Neo4j Certification** (2022)
Db graph with implementation of graph neural networks

**Azure** Databricks Data Scientist Certification (2023)

**Data Scientist Certification** (2022) AWS Machine Learning

**Data Scientist Certification** (2021)Google machine Learning

**Architect Certification (2019)**
Denodo: data virtalization platform

**Architect Certification** (2019)
Morfeus

**Talend RealTime BigData v6** (2017)TALEND

**Talend BigData v6** (2017)TALEND
